

Then followed that beautiful season... Summer.... Filled was the air with a dreamy and magical light; and the landscape

Lay as if new created in all the freshness of childhood.

~Henry Wadsworth Longfellow

Summer is here! Sunnier days keep us awake longer, inviting us to daydream and spend more time outdoors lounging at the pool patio, picnicking at the beach, walking through the woods, blowing on dandelions, staring at the stars and puttering in the garden. Summer brings back memories of carefree afternoons simply enjoying our surroundings and ourselves without the adult worries and pressures of time frames and deadlines. Perfect Plantings sends you a summer wish to savor the season as you did when you were a child – making memories that will last forever.

Perfect Plantings' services include:

- Full landscape design
- Garden and lawn maintenance
- Complete masonry services
- Specialty gardens
- Container gardens
- Seasonal plantings
- Trees, shrubs, perennials & screening plantings

HOT STONES

Extend your living space outdoors this summer by enhancing your landscape with brick or stone patios, walls, steps, and other hardscape features. Outdoor rooms are great spaces for large gatherings or for private meditative space that can be used year round. Schedule a free consultation with Perfect Plantings to explore masonry options for your home.

It's not too early to start thinking about planting fall bulbs that will bloom next spring. So much to choose from beyond tulips and daffodils like allium, imperials, or snowdrops. Need some inspiring ideas, schedule a consultation with Perfect Plantings.

Perfect Plantings will be launching a new website soon. Stay tuned for an update and let us know what you think!

Follow us on Facebook at Perfect Plantings, LLC for more tips & special offers!

Become a fan on our Facebook page and enter a chance to win a summer hanging basket courtesy of Perfect Plantings, LLC. Winner selected on 7/12/11.

CONGRATULATIONS to Liz D. who won our Spring Facebook Contest – a perfectly planted summer container!

Good Company

Companion planting is a natural way of bringing a balanced eco-system into your landscape. By planting intentional combinations of plants, herbs, and flowers together, you can discourage harmful plants. Marigolds and basil, for

example, are known for keeping white flies and thrips away from tomato plants. Discover other companion planting combos by following Perfect Plantings on Facebook. We will feature a new selection every week.

Want to start a vegetable garden? Call us now so we can help you plan the perfect spot for next year.

Hot Tip! Lush Lawns

Lawns grow fast in summer. Perfect Plantings recommends to mow at least once a week. With over 15 years of experience, we know that to encourage dense and healthy growth, frequent and light mowing is best. When lawns are cut infrequently with blades set too low, weeds and moss begin to take over the lawn. Let Perfect Plantings mow your lawn on the higher side. Call us now to get on our weekly lawn maintenance schedule!
